OBJECTIVE

I'm passionate about problem-solving and eager to keep learning new technologies. My goal is to work on meaningful projects and grow in a dynamic environment. I look forward to opportunities where I can use my skills to make a difference and learn from others in the tech field.

WORK EXPERIENCE

• Coffeebeans Consulting

SDE - L1 (Full-time)

May 2025 - Present

Bengaluru, Karnataka

- Currently working on mobile and web applications using OutSystems Developer Cloud (ODC) for frontend development and FastAPI (Python) for backend services.
- Designed and implemented responsive UI screens, workflows, and client-side logic within ODC for both mobile and web experiences.
- Developed and integrated REST APIs using FastAPI to handle business logic, data exchange, and authentication.
- Collaborating with cross-functional teams to deliver scalable, secure, and user-friendly applications across platforms.

• Coffeebeans Consulting

SDE (Intern)

Feb 2025 - Apr 2025

Bengaluru, Karnataka

- Worked on an enterprise staffing and resource management platform as part of a full-stack development team.
- Built and consumed RESTful APIs using Python (Django REST Framework) for features like talent allocation, client/project modules, and asset tracking.
- Contributed to the platform by developing new features and fixing bugs across frontend and backend.
- Worked with modern technologies including React.js, Vite, Zustand, Python (Django REST Framework), and Nx monorepo.
- Collaborated closely with the engineering team to improve code quality, system usability, and overall performance.

EDUCATION

• Sree Vidyanikethan Engineering College

B-Tech in Computer Science and Engineering

2021 - 2024

Tirupati, Andhra Pradesh

- CGPA : 8.69

• Sri Venkateswara Government Polytechnic

Diploma in Computer Engineering

2018 - 2021

Tirupati, Andhra Pradesh

- Percentage : 76%

PROJECTS

• Developer Portfolio

Technologies Used : [HTML, CSS, JavaScript]

- Developed a personal portfolio website to effectively showcase my skills, projects, and certifications, providing a clear and comprehensive overview of my professional achievements.
- Built with modern web technologies, featuring a responsive design that enhances user experience and accessibility across a wide range of devices.

• Image Search App

Technologies Used : [HTML, CSS, JavaScript, Unsplash API]

- Developed a dynamic web application for searching and displaying high-resolution images using the Unsplash API. Implemented responsive design to enhance usability across various devices, including mobile and tablets.
- Created user-friendly elements, ensuring easy image search, viewing, and direct download options. Applied JavaScript to manage API requests and dynamically update the user interface.

SKILLS

- **Frontend** : React.js, HTML, CSS, Bootstrap, JavaScript
- **Backend** : Node.js, Java, Python, Django
- **Databases** : MySQL, PostgreSQL
- **Version Control** : Git, GitHub
- **Soft Skills** : Problem Solving, Self-Learning, Adaptability
